

Decorative fabrics

A wide array of decorative and technical fabrics for high-performance solar protection systems and shades

Whatever the needs of your home or workplace, Bandalux offers a wide range of fabrics that bring together aesthetics and performance.

Textures, material effects, an array of colors, the option of digital printing to personalize your decoration, etc. All of these features afford added aesthetic value, while ensuring ultra effective thermal and solar protection, as well as optimal light management.

Bandalux offers shades and complete systems for interiors, designed to adapt to the specific needs of each project.

DECORATIVE fabrics

Bandalux has a vast collection of fabrics that includes an essential element: the people's comfort, markedly contributing to the harmony of the setting in which they live and work.

Manufactured in keeping with the latest trends in decoration, our designers have created collections with a rich diversity of colors, textures and finishes, offering shades and layouts that elegantly fit into every living environment.

- Wide range of colors and motifs
- Choice of materials and textures, enabling a perfect match with the surrounding decoration
- Optimal visual comfort: different degrees of opening to allow for continued visibility to the outside
- High thermal protection
- Reduction of air conditioning and heating costs
- Free of lead, phthalates and toxic substances, making them health friendly
- Fire resistance rating
- Easy maintenance
- Made in the EU. Compliance with all applicable international certifications
